The Mission of Freemasonry in Colorado is to create an observable way of life through Education, Moral Standards, and Community Involvement

Brethren of Fidelity 192,

Thank you for all your hard work. We have accomplished quite a bit in the first half of the year. I want to state by congratulating Brother David Meis on being raised to the sublime degree of a Master Mason. I also want to thank the officers for their effort in our degree work we have performed so far.

Thanks to member of the lodge and visiting brethren we have had some great education this year and I hope our brothers have learn some new things about Masonry and themselves. We have more guest speakers and presentations from our lodge planned for when we come back to labor in September.

Keep an eye on your email as we have some event coming up throughout the summer for fellowship and education. June 20th we will be conferring the EA degree for Mr. Mike Filbert. I know we are now dark, but stay sharp and have a great summer!

Flaming Sword

A sword whose blade is of a spiral or twisted form is called by the heralds a flaming sword from its resemblance to the ascending curvature of a flame of fire. Until very recently, this was the form of the Tiler's sword. Carelessness or ignorance has now in many Lodges substituted for it a common sword of any form. The flaming sword of the Tiler refers to the flaming sword which guarded the entrance to Paradise, as described in Genesis (iii, 4): "So he drove out the man; and he placed at the east of the garden of Eden cherubim's and a flaming sword which turned every way, to keep the way of the tree of life;" or, as Raphall has translated it, "the flaming sword which revolveth, to guard the way to the tree of life." In former times, when symbols and ceremonies were more respected than they are now; when collars were worn, and not ribbons in the buttonhole; and when the standing column of the Senior Warden, and the recumbent one of the Junior during labor, to be reversed during refreshment, were deemed necessary for the complete furniture of the Lodge, the cavalry sword was unknown as a Masonic implement, and the Tiler always bore a flaming sword. It were better if we could get back to the old customs.

Masonic Secret Revealed

Everyone knows the free upgrade offer for Windows 10 ended on July 29, 2016, right? The funny thing is, no one told the folks who run Microsoft's activation servers. Which means today, two full years after the free upgrade offer supposedly ended, you can still upgrade to Windows 10 from Windows 7 or Windows 8.1 and claim a free digital entitlement, without being forced to jump through any hoops. To get started, go to the [Download Windows 10](https://www.microsoft.com/windows/upgrade) webpage and click the **Download Tool Now** button. After the download completes, run the Media Creation Tool.
